Morfeo: A dream coming real

- 2004: First talks about TID promoting a libre software community, with URJC and UPM
- 2005: First umbrella project, formalization of the community
- 2006: Extension to more and more partners. First Asamblea
- 2007: Consolidation, chapters, new projects
- 2008: +35 partners, +15 interested institutions, 5 chapters

Asamblea General

- Meeting point of the Morfeo community
- Not a set of talks, but an opportunity for exchange opinions and ideas
- Participation is key for success
- New targets, new means, new ideas
